PILLAR OF FIRE.

Handsemely bound in one large 12me, volume of 603 pages, with a gift. Frice \$125.

This volume is the third of a series of original, sublime, and thrilling narratives of Hour Warr, and the resolvential and momentum events which ebaracterize these histories, are invested with a charm of seleum and fascinating grandeur, unequaled in their spell-direstifible in their Christianing indesons. The listory of David as a Shepherd-Poet-Musician-Warrior-King-Prophet and Friend, and a 'man after God's own heart, with that of his son Solomon, with the events which attend their triumph of valor, wisdom and prophecy, are given here with a graphic fidelity and religious coloring, which, while it entertains and instructs, cannot fail to swaken the popular mind to the divine truths and wonders of the Bible.

The THRONE OF DAVID is a connecting link between 'The Pillar of Fire' and 'The Prince of the Induse of David, and forms the completion of this interesting and popular series.'

"Sheldon & Co. of New-York have commenced the publication of a new series of popular American Histories for Youth, by aceb Abbott, the best living author of juvenile books. The eries opens with an elegant volume (16mo., 288 pages), entitled "Abortinal America," giving a lively and reliable account of the country as it was when Europeans first reached it, and of the

the country as it was when Europeans first reached it, and of the modes of Indian He. It has seventeen maps and illustrations, beastifully executed from designs by the first artists. The series will be completed in twelve volumes. Judging from the plan of the work, and by the opening volume, we are confident that this series of juvenile books will be found in all respects the most excellent publication of the kind ever undertaken. In point of execution, the volumes are to stand at the head of their class, the printing and illustrations being admirable, and worthy of the highest praise.

Prom The New York 2000. highest praise."

From The New-York Examiner.

"The Rev. Jaceb Abbott, and Messrs. Sheldon & Co., are doing an admirable service for the young people of America. The former is writing, and the latter are publishing, a series of volumes, the object of which is to narrate, in a simple and intelligible manner, the leading events of America—is just issued, and it is so beautifully printed, so tastefully illustrated, and so pleasantly written, that we shall expect to hear that the sale is reaching a very high figure. Just such a history of our country was a necessity, and we are thankful that it is to be so well supplied."

"We do not know any other edition of the English Poets combines so much excellence."—[Bibliotheca Sacra. A BRILLIANT NOVEL. THIS DAY IS PUBLISHED:

EL FUREIDIS;
AN ORIENTAL ROMANCE.
By the Author of
"The Lamplighter," and "Emity Vaughan."
Cne volume, neatly bound in musils. Price \$1. The volume, neatly bound in muslin. Price \$4.

The unexampled success which attended the publication of "The Lampliguter" and "Mabel Vaughan," will be well remembered. The former of these novels has reached a sale unparalleled by any American novel except one, nearly ONE HUNDRED THOUSAND COPIES having been sold. The universal voice in the United States and in Great Britain has proclaimed these novels among the most trilliant achievements of the day in action. "El Fureidis" will be found nowise inferior to its predecessors, but will indeed exhibit a fuller development of the author's resources, a maturer thought, and a keener insight.

All readers who have employed the stirring incidents and vigorous defineations of "The Lampliguter" and "Mabel Vaughan," the scene of which is had upon American ground, will need no second invitation to follow the author into the new and fascinating region of romance, which she has selected for the scene of her present story.

The three works which he has published, while they are records of a life devoted to the service of God, are as interesting as Borrow's Bible in Spain,' or any other work of world-wide renown.
